New Buffalo High School
New Buffalo, Michigan
1961

New Buffalo High School is a world of its own. The students who have gone before us have laid the foundation by establishing traditions and molding the ideals of our small but growing world. We have helped preserve and honor the efforts of our alumni, and when there has been a need, we have added our ideas and have marked our place in the history of our private, significant world. With the growing and changing conditions which surround us, the world we have honored and helped to establish will soon be forgotten, and in its place will spring new ideas and traditions. However, the Buffalodian Staff feels that our world of 1960-61 is one to remember, and the Staff hopes to help you relive each meaningful, exciting event as you turn the pages of this book.

OUR WORLD BEGINS

This is an unusual moment in study hall because it looks as if everyone is busily preparing for his next class.

LET'S HERE IT FOR THEM!
(Boo!)

Some of the seniors take advantage of the beautiful spring weather and visit Lake Michigan, which is the west boundary of our village.

WITH NEW FRIENDS

Students get to school just early enough to exchange bits of news before the school day begins.

A Look at Our World

The world of our educators is a busy one, and the job that they must do is a great one, but they do it justice in all respects. I fear that we, in our student world, fail to see the faculty's world as an important factor in our complete educational cycle. Our faculty is one of the many things in our school that gives us reason to face the future with a knowing smile. They have not only taught us academic subjects, but also have prepared us for the future with splendid training and the fine examples that they themselves set in citizenship. Speaking for the student body as a whole, we thank you and hope only to reward your efforts by becoming the credits to the community that you would wish us to be.

ADMINISTRATORS GOVERN OUR WORLD

Stan A. Sosnouski--New Buffalo High School Principal! The high school students, townspeople, and even faculty members have stereotyped Mr. Sosnouski with this title and have not been informed or educated as to his background and personal life. The Buffalo-dian staff feels that the accomplishments of our principal prove his capabilities, and leadership qualities, and the staff has taken it upon itself to relate this information to you.

Mr. Sosnouski was born in East Moline, Illinois, and attended township school there. After graduating with honors from high school, he entered St. Ambrose College in Davenport, Iowa. He graduated from St. Ambrose with honors in 1942 with a Bachelor of Arts Degree--a major in social studies and minors in English, science, and physical education.

Besides his academic achievements, high school and college brought him many athletic awards. He received major letters in football, basketball, and track. He was an all-conference athlete at both institutions and received the honor of "Athlete of the Year" from his college. Later he received the "Coach of the Year Award" at Anamosa, Iowa.

Mr. Sosnouski continued his studies at Northern Michigan College of Education and at Western Illinois University, and received his Masters Degree in Secondary School Administration from the University of Michigan.

He has had nineteen years of teaching experience. He began his administrative duties at New Buffalo in 1957. He is an active member of several professional and civic organizations. Athletics of all kinds are his chief hobby, and he participates in the summer baseball program. He also enjoys plays and good books.

Mr. Sosnouski's wife, Dorothy, teaches first grade here, and his three children, Jill, Jim, and Paul, are honor roll students in our school.

A Look at Our World

This is our last year within these halls and the thought that is running through many a mind is what now. We are not at the top; we are still climbing, and the road is truly a rough one. We have been prepared for the trip and how far and where we go is now up to us. Our academic training and many extra activities have prepared us not to live in the world right away. Rather it has prepared us to face the world with a smile and has also prepared us to learn with the experiences that will surely be ours. These four years of high school will forever hold a special place in the mind of each and every senior. This small white paper that we hold now is the ticket to greater heights, and we will return with the knowledge that these last four years were necessary and were also the best years of our lives. Senior dances, high school basketball, class parties are all a part of the past for us, but these rungs in the ladder of life will assist us to gain the satisfaction, knowledge, and foresight that will help us to the top of the ladder which we are still climbing. With this we say farewell, and we will take our place in the world as new citizens and as the new hope of our world.

In Memoriam

Kathy Krueger
1943-1956

The Class of 1961 would like to take this time in their high school career to honor one of their fellow schoolmates who passed away a few years ago. Kathy Krueger was born and raised in New Buffalo and attended Grade School and Junior High at New Buffalo. During her years at New Buffalo Kathy participated in many school activities including Band. Kathy was a good student and held the position of Class Secretary during 7th grade. The Class of '61 will never forget Kathy and her happy and smiling personality. She was a wonderful girl to know and everyone that knew her loved her.

LIGHTS ARE DIMMED . . .

Jackie stole the show!

"Here Comes the Bride," a farce in three acts and written by William D. Fisher, was the play presented by the senior class. This is the story of a young bachelor, Jimmy Took, who needs a wife in a hurry to prove to his Uncle Dan that his monthly checks for the support of Jimmy's non-existent bride have been justified. Three imitation brides appear--two of them men dressed like women and the other his sweetheart, Madge. This is only the beginning of a genuinely funny and well-produced play. The play was under the direction of Mr. Robert Karns.

A Look at Our World

This is perhaps the most important time in your life, for you are laying the foundation to the future, and it will be exactly what you make it. The three years that you are underclassmen are the three years that work will be the keystone to accomplishment and improvement. These following years will show you the way to enjoyment and education. They will not be spent fully on academic improvement but will be joyous years of athletics, class parties, dances, and even the Junior Prom. Education comes in many forms and the extra-curricular activities that you will take part in are just as much a part of your education as your daily homework. Every member of the faculty is doing his best to aid you in making a successful start in your future and the future of our free democracy. Remember whether you are at a dance or at a meeting with your fellow classmates that you are the future of our country and the keystone that you now place will hold up your dreams of tomorrow.

At center you see the concessions at the first football game and the happy results of the careful planning. Senior Joyce Poff looks at the plans for the concessions.

THE JUNIORS PARTICIPATED

The junior class started its year with the opening of the concession stand at the local football and basketball games. The concession committee members were Janet Kissman--chairman, Judy Graham, and Jim Corwin.

The magazine sale was a race to see who could win the top prizes. The top salesmen were Jim Karagan and Jim Kucera.

Three members of the class were inducted into the National Honor Society; they are Jean Smith, Jean Scarberry, and Judy Graham. Kathy McCotter, Maryanne Frey, Frances Smart, and Jim Kucera have been members since their sophomore year. Maryanne Frey was honored by being chosen president of the club for next year.

The big event of the year was the Junior-Senior Prom, "Parisian Paradise." The setting was a Parisian sidewalk cafe with the Joe Ferris orchestra providing the musical background. The hard working committee chairmen were Janet Kissman--Decorations, Mable Dwan--Banquet, and Jim Kucera--Music. The highlight of the evening was the crowning of the king--Tom Luce and, queen--Jill Sosnouski. The queens court included Vicki Swank, Evelyn Furst, and Sandy O'Connor, the kings court was, Steve Furguson, and Dick Novaced.

At Baccalaureate and Graduation the class took care of putting up the Senior class motto and arranging the flowers for the stage. The committee heads were Maryanne Frey--Motto and Frances Smart--Flowers.

"Give her time, will ya!"

Jim and Bill, friends to the end

"Evelyn, I have only one eye."

The Junior Class would like to thank Janet Kissman for all of the hard work and fine effort she put forth in making the Junior activities the success that they were.

- - - STUDIED TOO

By the top picture it would seem that these juniors in Mr. Slater's first U.S. History class have a hard time trying to concentrate. It looks as if Bob Topinka hasn't been told that you can't read books very well upside down, but knowing Bob that book probably looks better, to him, that way.

At left Mr. Karns third hour American Literature class is hard at work: Doing their English? Better look again! Isn't that a History book that Jim Corwin has and what's so interesting in that notebook Jean Smith has?

A Look at Our World

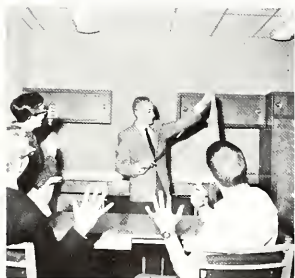

F.H.A., G.A.A., N.H.S. These are all letters, but what they signify is much more. These are the wholesome organizations that fit in with the other activities within our educational cycle. The Future Homemakers of America teaches the girls that there are many activities the average housewife must know. The Girls' Athletics Association is a fine example of what practice in sportsmanship and a sense of fair play can do for the many girls that take part in this organization. Perhaps the most important organization is the National Honor Society because it signifies the true meaning of all that we, the students and faculty, are trying to accomplish. It signifies the best in academic achievement and the best in ideals of a citizenship nature. Leadership is yet another phase of the training received in this organization. The organizations that are prevalent in our school are helpful and extremely necessary to our education, and we, as students, should recognize these organizations for what they are - the life line of our education.

A Look at Our World

PLAY BALL! MAKE THAT BASKET! HIT IT! These are all familiar cries from year to year and will continue to be in the years to come, for these are the calls to sports. This year our football squad placed second in the conference, and our basketball squad won the Christmas Tournament and received a trophy for its efforts. This healthy competition is just as much a part of our education as the daily classes that we attend. The job that our school must do is one of preparation, and all things, including the ever-present sports, is a step in the right direction. Sportsmanship, physical ability, desire to win, and fair play are all parts of the valuable lesson that active participation in sports gives to its participants--so play on and play well for them.

2nd IN 'BIG EIGHT CONFERENCE'

The band gets ready to help cheer our football team on to victory. The band also entertained the crowd during the half time activities. The band proved to be a big help to build school spirit.

Our "Big Eight Football Season" was quite successful this year. We won seven of our eight conference games. Our only setback of the Football season came during our game with Lakeshore. With seven victories and only one loss New Buffalo was presented with the title of second place. The school enthusiasm this year was the best it has ever been. The loyal high school fans both in school and the adult sports fans were cheering with the team all the way. Although many times it looked like the Bisons might get beat, the sports fans were always there to cheer them on to victory. The end of the Football season was climaxed by our big Homecoming festivities which included a snake dance, bonfire, a victory over New Troy at our Football game, and a Homecoming Dance at which Terry Drake was crowned Homecoming Queen and Jerry Krycka was crowned Homecoming King.

CHEERLEADERS BOOST TEAM SPIRIT

"BEAT 'EM TEAM, BEAT 'EM" is a familiar cry led by New Buffalo High Cheerleaders, who led the Pep Club and cheered the Bisons to victory. This year the football cheerleaders added blue and gold pom-poms to their attire for a colorful and flashing effect. Blue skirts and white crew-neck sweaters were the new uniforms chosen by the varsity basketball cheerleaders. Miss Marjorie Klinker was the faculty sponsor for the group.

The Varsity Club, formed by the varsity letter winners, was organized to promote interest in high school athletics. The members established the Constitution and by-laws which regulate the formation and organization of the club.

During the past few years the Varsity Club has sponsored some dances which they hope will increase the interest in high school athletics. Under the guidance of past coaches and the present coaches, Ken Shaklee and Ron Morrison, the club also encourages sportsmanship of the highest degree.

This year at the honor assembly presented Coach Shaklee and Mr. Sosnouski with school jackets.

A Look at Our World

What is activity? A cheer at a ball game, a student council meeting, a skit in a talent show? Yes, these are all part of that active and happy world of activity. We are fortunate in many respects for the assistance that we receive in the pursuit of these various activities. Some seek to traduce these activities as harmful or meaningless, but to be able to actively engage in any activity with other people is an asset to the personality of anyone and will surely help him once he enters the world after high school. The school's activities are not limited to one phase, for they cover everything from Homecoming Dances to Junior Proms. These activities are represented by outstanding scholars and well-meaning students and have the representation of the faculty. An attempted definition of activity is not necessary for if the idea of the word activity is actually pursued and a working interest in activities is carried out, the definitions and rewards will be learned and earned.

STUDENT COUNCIL IN ACTION

This year's Student Council election was conducted in a manner similar to that of the National Political Campaign. To start things off each nominee circulated a petition to be signed by fifteen students. The following week the halls of the school were filled with banners and posters of the nominees up to the extent of having a few on the ceiling. The day of the campaign assembly the campaign managers were busy handing out campaign buttons and signs. During the assembly, each campaign manager introduced his nominee and spoke a few words about him. Then the nominee presented his platform. Some of the nominees had demonstrations which marched around the gym carrying signs and blowing horns following their speeches. Each student was reminded to vote for the candidate which he thought would best represent his school. The next day the whole school voted by secret ballot for their choice, everyone saying, "May the best man win."

JUNIORS, SENIORS DANCE

Dick Novack, Steve Furgeson, King--Tom Luce, Queen--Jill Sosnouski, Evelyn Furst, Vicki Swank.

"Parisian Paradise" was the theme of the Junior-Senior Prom which was held in the high school cafeteria. The setting was the well known street la Champs Élysées which led up to the famous Eiffel Tower. Either side of the avenue was lined with sidewalk cafes complete with flowers and shrubs. To add to the merriment there were toy champagne bottles which exploded paper confetti. At intermission Daryl Novack and Donna O'Donohue put on a floor show consisting of dancing and singing. The climax of the dance was the crowning of the king and queen, Tom Luce and Jill Sosnouski. The Grand March followed and ended when over one-hundred balloons floated down from the ceiling above. Everyone had a wonderful time and will always remember it.

A Look at Our World

The advertisers in our New Buffalo Area have served our community and school greatly during the past year. They have not only been willing to assist us whenever they were called upon, but they also kept us up-to-date in the world of fashions, fads, and yearly trends. With a small community like ours, the co-operation of these businessmen and women have made our work a little bit easier. To the merchants of the community we say a sincere thank you, for without you this book could not exist.
